

# Environmental Pledge

## Imagineering Enterprises, Inc.

pledges to work toward achieving the National Metal Finishing Strategic Goals.

Through these environmental performance goals, the metal finishing industry will go above and beyond regulatory requirements to reduce pollution substantially.

By 2002, this company has pledged to

Improve resource utilization

- 98% metals utilized on products
- 50% reduction in water use
- 25% reduction in energy use

Reduce hazardous emissions

- 90% reduction in organic Toxic Release Inventory emissions
- 50% reduction of metals to air and water
- 50% reduction in hazardous sludge generation and disposal
- reduced worker and community exposure to toxic materials

Improve economic performance and reduce unnecessary compliance costs

The Indiana Department of Environmental Management commends this commitment and pledges to work with program participants to achieve improved environmental performance and provide more operational flexibility, when possible.
